PROFILE

I'm a dedicated college student that is looking to get a job to support myself in a new country and expand my skill set and increase my experience. I bring a positive mindset, quick learning speed, a diverse set of communication skills, c++, HTML5, and javascript are a few programming languages I have acquired through my course at Seneca College. I am an open-minded person and am willing to learn new things anytime. I am always keeping an optimistic mindset when I'm doing anything. I have been working in the food industry for the past few years and I am currently looking for a job that utilizes the skill set that I have gained through out my learning journey at Seneca College.

SKILLS

- SMART SERVE
- LEADERSHIP
- TIME MANAGEMENT

EXPERIENCE

Busser/Food Runner at DailyBelly Restaurant (2021), Sabai Sabai(2022), Sake bar Kushi(2022), Copacabana Brazilian Steak House (2022)

Worked part-time as a busser/foodrunner for 1 year, back in my home and in Canada. Here are some things I did as a foodrunner/busser was to help with Customer Service, keeping the tables clean before the customers arrive, Cleaning the tables after the customers leave, take the food order to the correct restaurant, Carrying the dirty dishes to the washer, Communicate the orders with the kitchen staff, recommend some items that are popular at the restaurant, take payment to the cashier.

Rover at Nepal Scouts (2016 – 2020)

An active member of Nepal Scouts as a Rover for 4 years where I learned skills like resource management, creativity, disaster management, being a team player, and so on. Worked as a team leader or as a member of the event organizing team or sometimes as a representative of the messenger of peace workshop and many more.
